## 2009 Charity Wine Tasting for the benefit of Victory Health Partners

Sunday, October 25<sup>th</sup> 2:00-5:00  
at the Bakery Café  
1104 Dauphin Street

**\$40.00 per person (tax deductible)**

If you've been to any of our past Charity Wine Tastings, you already know what to expect. If you haven't then here's what you've missed: Great wines to sample, incredible hors d'oeuvres, fantastic door prizes including lots of bottles of wine, fun and exciting draw down contests for great prizes, a "best bid" silent auction and a live auction at the end of the evening. Please join us for a great time and help us support this very worth while charity.

Mark Wolfe  
for the firm

Number of Tickets: \_\_\_\_\_ @ \$40.00 each      Total Enclosed: \$ \_\_\_\_\_

For more information, additional tickets or to donate items call: Mark Wolfe @ 433-7766

## *About this year's beneficiary:*

Opened in January 2003 under the direction of Dr. Robert D. Lightfoot, Victory Health Partners has a core staff of business and healthcare professionals who perform the day to day operations at the clinic providing healthcare for uninsured adults. Assisting the staff are 60-70 volunteers who work each week. In addition, a network of over 150 physicians and dentists donate their services in their offices to our patients at little or no cost to the patient. Victory Health Partners is a 501(c)(3) non profit healthcare organization established to provide a continuum of affordable quality care for the low income uninsured population of the greater Mobile area. Victory does not accept insurance or any government funding, but instead is funded by tax deductible contributions from supporters. As stated in the name Victory Health Partners, Victory is truly a community partnership of people from diverse backgrounds banding together in friendship and love to provide healthcare to fellow citizens of this great community.

*47 million Americans do not have health insurance*  
*100,000 live in the Greater Mobile area*  
*8 out of 10 uninsured Americans come from working families*

The patients of Victory Health Partners are low income uninsured people- those who do not qualify for government funded programs and cannot afford medical insurance. Often the only access to physician care is through the emergency rooms of local hospitals. this is expensive and all too often ends in financial devastation for the patients and their families.

After participating in several mission trips to Central and South America providing medical care, Dr. Robert D. Lightfoot and his wife Tami were inspired to find a way to provide affordable, quality adult primary care in their own community. What began as an act of faith by one physician and his wife has grown into a partnership in faith involving hundreds of volunteers, medical providers, and churches all responding to God's call to care for those who need medical care. Since opening in 2003, thousands of patients have come through our doors seeking affordable medical care. According to statistics there are many more out there without access to this basic life necessity.
